### 13th January 2021

### Remote Learning

The Government gave schools only a few hours notice that children needed to stay at home and teachers needed to teach remotely.

The Dream!

Despite the short notice, our staff have worked extremely hard to put a full curriculum online for our children.

However, we know that families and children face a range of difficulties in being able to access this curriculum, and we will continually review and change it to support learning from home.

The Reality!

Paper Work Packs are available to pick up from school. These packs are there to support children if they cannot access online learning throughout the day, or if your child wants additional activities to complete. We do not expect children to do all the online learning and all the paper activities.

*Your children's learning is important, and so is the well-being of you and your family. Congratulate yourselves on being able to support your child's learning when you can, and don't feel anxious about the times that work and other family commitments mean you can't also do home learning.*

### Keep Safe!

The country is entering the worst weeks of the pandemic for the NHS and people are urged to **stay at home** and stop all unnecessary contact with other people. Bradford's previous low levels are now beginning to rapidly increase and everyone needs to do what they can to keep our communities and our NHS safe. The more people who Stay at Home, and the more people who think carefully and focus on hands, face, space if they do need to go out, the sooner it will be safe for schools to fully open again.

*Loving God, we look to you for comfort, strength and protection.  
Trusting in faith, we know that you are present with us now.*
