## School Fully Re-Opening Monday 8th March 2021

*We are all very excited that the Government has said that it will be safe for all children to return to school on the 8th March. The staff have missed having all the children in school and it will be wonderful to see their smiling faces again!*

*School will only be safe if we continue to follow the Government's guidance for schools—the children will still be in class bubbles; there will still be staggered start and finish times; children will be washing and sanitising their hands; children will be on a rota to have lunch in the dining hall and in the classroom.*

*So parents, well done! I am sure that you are as excited as the staff and children that school is fully open again!*

### Keep Safe to Keep School's Open!

Although schools are fully re-opening there are many restrictions still in place to continue to keep people safe. It is still really important over the next few weeks that you don't mix with people from other households. Please continue to remember hands, face, space. Encourage your family and friends to get the vaccine when they can.

If we don't continue with these safeguards, the infection rates will go up and schools will have to close again! Keep safe to keep our school open.

We are now in the Church Season of Lent. This is the time for us to reflect on our relationship with God and to work to deepen this relationship.

Pope Francis calls on us to:

*"renew our faith, draw from the living waters of hope, and receive with open hearts the love of God."*
